

TV Anti-Tip Safety Kit

Product # 4560R

DESCRIPTION

Safety cables for TV

The TV anti-tip kit is an all steel construction that will last a lifetime and may save one. The kit consists of two 13" aircraft grade steel cables, bolts for the back of the TV and heavy-duty brackets to attach to the studs. The bow tie clip is child resistant and the cable length can be adjusted. Easy to install, works on all flat-screen TVs, solid steel components, earthquake resistant, tamper resistant and all hardware included.

ADVANTAGES AND BENEFITS

Aircraft grade cables and heavy-duty brackets prevent damage and/or injuries. Child-resistant clips.
